

BRUTE

BIODEGRADABLE, NON-BUTYL EMULSIFIER

DESCRIPTION

BRUTE is a revolutionary new formula designed to replace all-purpose cleaners and heavy-duty degreasers that do not meet the environmental requirements in today's market. This product is designed for the removal of many types of soils that are dealt with on an every day basis. BRUTE'S advanced formulation has a unique controlled pH which provides outstanding cleaning power that quickly dissolves grease and oily soils while holding them in suspension so they may be lifted from surface being cleaned. Furthermore, it has a unique deodorant incorporated in it to help combat foul odors leaving cleaned area smelling fresh and clean.

BENEFITS - FEATURES

- * Economical
- * Leaves no film
- * Noncorrosive
