

GREAT

MILD ACID DETERGENT

DESCRIPTION

This concentrated blend of acids and detergents allow this product to tackle really tough jobs. It **removes rust, lime, and scale** from all metals and **any rust-stained surface**. Since it does not contain harsh muriatic or hydrochloric acids, it **will not harm floors or drains**. Besides being designed to remove soap scum and body oils from shower stalls, restroom floors, and swimming pools, this product is **also formulated to remove water minerals and lime carbonates**. This **mild acid detergent** cleans and brightens aluminum, magnesium, stainless steel, copper, and chrome. In addition, it can also be used to prepare steel or aluminum for painting.
