DIRECTIONS

This concentrated cleaner may be diluted with thirty parts water depending on the condition of the surface to be cleaned. Extremely severe conditions may allow only a five to one dilution. Brush or spray solution on surface to be cleaned working from the bottom up. Allow to remain for three to five minutes and rinse thoroughly. Use plastic pails for making up solution.

Do not use on hot surfaces. Always dispose of remainder of solution when cleaning job is finished.

ATTENTION: IF PRODUCT MUST BE USED NEAR GLASS, COVER GLASS WITH OIL FIRST. HOWEVER, USER DOES SO AT OWN RISK. **THIS PRODUCT WILL ETCH GLASS.** DO NOT MIX THIS CLEANER WITH CHLORINATED CLEANSERS OR OTHER CLEANSERS.

Requires no authorization by the USDA prior to its use in offices and other similar non processing areas.
