

# POWER FOAM

NON-COMBUSTIBLE DOUBLE CONC.DEGREASER

## DESCRIPTION

**Power Foam** is a complex, powerful, double concentrated foam product that is formulated with penetrating emulsifiers that break down and suspend heavy greases and oils. In addition to this being a dilutable product, economy and efficiency can be maximized by a UCI foam device. Special rust inhibitors prevent corrosion and oxidation on metal surfaces that are not rinsed after using this product. **Power Foam** is perfect for cleaning machinery, engines, factory floors, tools, chains, metal parts and extremely tough jobs. It may be used in Dip tanks/ Soaking etc. It is non-flammable, biodegradable, and does not contain petroleum distillate.

## BENEFITS - FEATURES

- \* Industrial strength
- \* Fast-acting
- \* Rust preventive
- \* Economical
- \* Biodegradable
- \* Non-flammable

## ADVANTAGES

- \* Removes oily, greasy, and stubborn soils
- \* Instantly penetrates & lifts soils
- \* Forms a corrosion-inhibiting coating

## WHERE TO USE

- \* Tools
- \* Machines
- \* Equipment
- \* Floors
- \* Kitchen Surfaces
- \* Laundry Pre spot
- \* Stainless Steel
- \* Showers

## RECOMMENDED FOR

- \* Institutions
- \* Restaurants
- \* Aircraft Hanger
- \* Factories
- \* Machine Shops
- \* Garages
- \* Government Buildings
- \* Power Plants
- \* Airports
- \* Truck Washes
- \* Refineries
- \* Food Processing Plants

## DIRECTIONS

**Heavy Duty:** Dilute 1 part POWER FOAM with 8 parts of hot water. Agitate with brush if needed. Rinse.

**Medium Duty:** Dilute 1 part POWER FOAM with 12 parts water. Rinse.

**Light Duty:** Dilute 1 part POWER FOAM with 15 parts water. (this dilution is suggested for most painted surfaces.) Rinse.

**Dip tank degreasing and corrosion protection:** Use undiluted or dilute up to a 1:15 dilution.

## SPECIFICATIONS

Fragrance.....Cherry almond	Emulsification.....Excellent	Viscosity.....5 cps
pH .....12.5 to 13.5	Detergency.....Excellent	Density.....9.1 lbs/gal
Shelf life.....2 yrs. min	Foaming.....Very High	Freeze/thaw stability.....3 cycles
Color.....Blue	Biodegradability.....Complete	Solubility in water.....100%
Flash point.....None	Rinsability.....Very good	Chlorinated solvents.....None
