

# RE-ACT

## MALODOR NEUTRALIZER

### DESCRIPTION

**RE-ACT** is a concentrated formula that eliminates airborne odors and neutralizes the most offensive odor problems. Rather than simply masking or covering up foul odors with perfumes, **REACT** actually encapsulates the odor molecules and chemically neutralizes them. A single spray of this powerful concentrate converts malodors into outdoor fresh. **RE-ACT** continues to destroy malodors for up to 24 hours. Furthermore, **REACT** provides a wide range of possible applications due to its effective 3-way action: As a space spray, as a contact spray, and as an evaporative deodorizer. It penetrates even those hard-to-reach areas and provides a large, neutralized zone.
