

BIG OX

ACID CLEANER - DELIMER

DESCRIPTION

Big Ox is especially designed cleaner for the really tough jobs. This product dissolves excess mortar, concrete, lime and mineral deposits. As well as removing rust, scale, and corrosion. **Big Ox** is excellent for eliminating uric salt build-up and soap scum from tile and grout. Best of all, **Big Ox** is economical as this concentrate can be diluted with water, and is rust inhibited.

DIRECTIONS

Dilute with Water

Big Ox may be used undiluted for those severe cases.

Heavy build-up.....1 to 5
Light build-up.....1 to 20

1. The **Big Ox** solution then can be applied by brush, dip or spray (if spray is used, be sure to use a course pattern)

2. Allow **Big Ox** to soak from 1 to 15 minutes or until desired results are achieved. Rinse **thoroughly** with water.

3. Keep surface well wetted during the soak time.

Important: Big Ox should not be applied to aluminum, magnesium, chrome and other decorative metals trims. **Always spot check any surface before applying**

Authorized by the **USDA** for use in federally inspected meat and poultry plants.

FOR PROFESSIONAL USE ONLY. Building Engineers, Chief Custodians, Head Housekeepers, Master Plumbers, Sanitary Engineers, etc.
