

# DESTROY

## BED BUG ELIMINATOR

### DESCRIPTION

**DESTROY** uses a proprietary formula containing *Geraniol* that is a safe and effective treatment to kill bed bug eggs, larvae, nymphs and adults on contact.

Traditional pesticide products are nerve agents that only kill adult insects with a developed nervous system. The *Geraniol* in **DESTROY** works by attaching the bed bug's exoskeleton which makes it an effective insecticide at all stages of life.

*Geraniol* is a powerful ingredient extracted from geranium oil through a unique refining process. *Geraniol* has not only been proven as an effective insect repellent for a wide variety of insects, including mosquitoes, house flies, stable flies, horn flies, cockroaches, fire ants, fleas, gnats, dog ticks, lone star ticks and no-see-ums.

### BENEFITS - FEATURES

- \* Kills on contact
- \* Water-based formula
- \* Non-Toxic
- \* Ready to use
- \* Safe for bedding
- \* Safe for Children & Pets
