

GUARD

INVISIBLE SKIN PROTECTOR WITH LANOLIN

DESCRIPTION

This product provides an invisible, protective coating that shields the skin from contact with acids, salts, corrosive alkalis, dirt, oil, grease, paint, tar, ink, solvent, shop grime, and other water or oil-soluble chemicals for up to four hours. It also provides protection against dermatitis, rashes, chapping, blisters, chemical burns, and other skin irritations caused by various work related materials. Although it guards and protects the skin, it still allows the skin to breathe. Furthermore, it contains lanolin that conditions and moisturizes the skin. In addition, it dries fast, is colorless, and is not greasy. Best of all, bulky gloves can be eliminated making work involving small parts easier.

BENEFITS - FEATURES

- * Provides invisible, protective coating
- * Eliminates need for bulky gloves
- * No need to reapply frequently
- * Contains lanolin
- * Allows skin to breathe-Is not greasy
