

SHIELD

ONE STEP CLEANER & PROTECTANT WIPES

DESCRIPTION

If you're going to clean it, then protect it!

SHIELD is a one step cleaner and protectant that is uniquely formulated to **clean, condition, and protect any hard surface**. The invisible coating inhibits ultraviolet rays, extends the life of the materials, seals out moisture and **beautifies the original luster and color**. It is long lasting and will protect against mars, adhesives, scuffs, pens, inks and help reduce most graffiti problem. Best of all it **leaves a rock hard invisible laminated protective finish**.
