

STAT

DISINFECTANT DEODORANT

DESCRIPTION

STAT is a total release disinfectant and deodorant. This product is virucidal, tuberculocidal, fungicidal, bactericidal, Pseudomonacidal and Staphylocidal. The broad spectrum ingredients are effective against HIV, Herpes simplex 1 and 2, Avian influenza A, e-coli, Pseudomonas, Salmonella, MRSA, Mycobacterium tuberculosis, athlete's foot fungi and many more. The pleasant fragrance quickly suppresses existing unpleasant odors and controls microorganisms that could continue to create foul putrefactive odors.

BENEFITS - FEATURES

- * Virucidal
- * Bactericidal
- * Fungicidal
- * Pleasant fragrance

- * Schools
- * Libraries
- * Hotels/Motels
- * Transportation
- * Nursing Homes
- * Ambulance Companies
- * Offices
- * Day Cares
- * Cruise Ships
- * Restaurants
- * Apartments
- * Veterinary Clinics
- * Fitness Clubs

DIRECTIONS

Shake well. Cover exposed food, dishes and food-handling equipment. Open cabinets and doors of areas to be treated. Shut off fans and air conditioners. Extinguish open flames. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6000 cubic feet of unobstructed area. Do not remain in area during treatment and ventilate before re-entry. Place can in center of the room on a

table or chair. Depress the lock valve until the lock catches and leave the area at once. STAT can be used as a surface disinfectant. Simply hold the can 6 to 8 inches away from the surface to be disinfected and thoroughly wet the surface. Do not use more than one fogger per room. Do not use in small enclosed spaces such as closets, cabinets, or under counters or tables or areas less than 100 cubic feet.
