

TOTAL

HOSPITAL DISINFECTANT/DEODORANT

DESCRIPTION

This disinfectant spray is ideal for all surfaces. It is more than just an air spray. Its phenylphenol base and country garden and fresh & clean scents make it the perfect product for **total rest room sanitation**. This product is **effective against a wide variety of microorganisms** including **staph, salmonella, pseudomonas, HIV-1 (AIDS virus), TB (tubercle bacilli), Streptococcus pyogenes, Influenza A₂ (Hong Kong), and Herpes simplex I & II**. It is also fungicidal against pathogenic fungi and **prevents the growth of mold and mildew**. Furthermore, its **residual, self-sanitizing activity** controls germs for up to 14 days on fabric and up to 21 days on hard surfaces after use! In addition, it **eliminates airborne malodors** from sick rooms and musty closets. Also, it does not contain any ozone-depleting CFC's.

BENEFITS - FEATURES

- * Kills Influenza A₂ (Hong Kong)
- * Kills HIV-1 (AIDS)
- * Kills Herpes simplex I & II
- * Kills TB
- * Residual
- * Deodorizes
- * Disinfects
- * No CFC's

ADVANTAGES

- * Self-sanitizing action controls germs on fabric for up to 14 days and on hard surfaces for up to 21 days
- * Eliminates all airborne malodors at their source including odor-causing bacteria

WHERE TO USE

- * Walls
- * Sinks
- * All Airborne Odors
- * Door Knobs

- * Schools
- * Institutions
- * Hospitals
- * Nursing Homes
- * Restaurants
- * Cafeterias
- * Shopping Malls
- * Show Rooms
- * Country Clubs
- * Office Buildings
- * Government Buildings
- * Hotels
- * Motels
- * Churches
- * Airports
- * Factories
- * Supermarkets

DIRECTIONS

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For Precleaning: Preclean surfaces with a suitable detergent prior to disinfecting.

For Disinfecting: Hold dispenser upright 6 to 8 inches from surface. Spray 2 to 3 seconds or until entire surface is wet. Allow to remain at least 10 minutes. Allow to air-dry or remove with clean, dry cloth.

For Deodorizing: Hold dispenser upright. Spray toward center of room 3 to 5 seconds.

For Mildew Control: Spray surface until moist. Do not use on polished, wood furniture or rayon fabrics. Repeat application periodically to maintain control.

***KILLS HIV-1 ON PRECLEANED, ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/ BODY FLUIDS** in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/ objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION

AGAINST HIV1 OF SURFACES/ OBJECTS SOILED WITH BLOOD/BODY FLUIDS: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks, and/or eye coverings.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application.

CONTACT TIME: Allow surface to remain wet for 10 minutes.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.
