

BUBBLES

HAND DISHWASHING DETERGENT

DESCRIPTION

This **neutral pH**, dishwashing detergent is specially designed for institutional and restaurant use where **fast grease emulsification and long-lasting suds** are a must. This product works quickly and **leaves surfaces spot and film-free**. Its formulation rinses quickly and easily and is ideal for cleaning heavily encrusted pots, pans, and dishes. Furthermore, only the **finest, ionic and nonionic surfactants are used** in this product. While it is tough on grease and fat, this lotion/dishwash contains **emollients** that **protect and condition the hands**. In addition, this product is also **excellent** for hand washing **delicate fabrics** such as rayon, silk, orlon, nylon, and dacron.

BENEFITS - FEATURES

- * Provides long-lasting suds
