

COMPLETE

FOAMING GERMICIDAL CLEANER

DESCRIPTION

This easy-to-use foaming, germicidal detergent clings, cleans, disinfects, and deodorizes in one, quick operation. Its **quaternary formulation** features a residual activity that kills germs for up to five days after the surface is cleaned. This product kills a broad range of microorganisms including staph, salmonella, and pseudomonas. This **hospital-type disinfectant** is **virucidal** against HIV-1 (AIDS virus), Canine Parvovirus, and Herpes simplex I & II. Furthermore, it has an effective **fungicidal** activity against pathogenesis fungi, mold and mildew. Its powerful detergent action quickly removes a wide variety of soils and will not harm most surfaces. This product **destroys odors at the source** while leaving a subtle, spearmint fragrance behind.

BENEFITS - FEATURES

- * Clinging foam
- * Disinfects Canine Parvovirus
- * Kills HIV-1 (AIDS)
- * Kills Herpes simplex I & II
- * Deodorizes
- * Residual, self-sanitizing action
- * No CFC's

ADVANTAGES

- * Controls germs on treated surfaces for up to 5 days
- * Eliminates all malodors at the source
- * No harsh abrasive or acids

WHERE TO USE

- * Sinks
- * Chairs
- * Walls
- * Formica
- * Tables
- * Chrome
- * Cabinets
- * Porcelain
- * Kitchens Counters
- * Stainless Steel
- * Partitions
- * Hampers
- * Bathtubs
- * Garbage Pails
- * Shower Stalls

RECOMMENDED FOR

- * Schools
- * Hospitals
- * Motels
- * Cafeterias
- * Shopping Malls
- * Show Rooms
- * Country Clubs
- * Nursing Homes
- * Institutions
- * Hotels
- * Restaurants
- * Airports
- * Factories
- * Supermarkets
- * Government Buildings

DIRECTIONS

DISINFECTION, deodorization, and cleaning: To disinfect hard non-porous surfaces (bathroom tiles, walls, fixtures, shower stalls, sinks, bathtubs, hampers, tables and chairs):

1. Shake can before using.
2. Hold 6 to 8 inches from surface to be treated.
3. Spray until surface is covered with a white foam. Allow foam to penetrate and remain wet for 10 min. no scrubbing necessary
4. Wipe off with a clean cloth, mop or sponge.

The product will not leave grit or soap scum. For heavily soiled areas remove gross soils before treatment.

MILDEWSTAT: To control mold and mildew on precleaned, hard nonporous surfaces (such as floors, walls & table tops), spray surfaces to be treated making sure to wet completely. Let air-dry. Repeat application weekly intervals or when mildew growth reappears.

SELF-SANITIZING: This product has been evaluated and found to have residual, self-sanitizing activity on precleaned, hard, nonporous, inanimate, environmental surfaces for up to five days.

KILLS HIV ON PRECLEANED SURFACES/ OBJECTS previously soiled with blood/body fluids in health care settings (hospitals, nursing homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, in which the surfaces/ objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus type 1 (HIV-1) See label for instruction for cleaning/decontamination against HIV-1 of surfaces/objects soiled with blood/body fluids.

SPECIFICATIONS

Spray pattern.....wide, fine foam
 Appearance.....White, foaming
 Fragrance.....Spearmint
 Flammability.....Nonflammable
 Rinsable.....Complete
 Storage Stability..... 120°F max.

Residue.....Self-sanitizing
 Abrasives.....None
 Shelf life.....1 year min.
 pH.....12.0
 Net weight.....18 ounces

ACTIVE INGREDIENTS
 n-Alkyl (C14 60%, C16 30% C12 5%
 C18 5%) dimethyl benzyl
 ammonium chloride.....0.1%
 n-Alkyl (C12 68%, C14 32%) dimethyl
 ethylbenzyl ammonium chloride...0.1%
