

CONQUER

BIODEGRADABLE EMULSIFIER

DESCRIPTION

This product is a complex, water-based formulation designed to effectively perform as a **heavy-duty cleaner/degreaser**. It is formulated with a **chemical-penetrating emulsifier** that reacts, suspends, and floats away stubborn greases and soils that normally do not respond to weaker, all-water products or to normally flammable, all-solvent products. However, it is still **gentle on the hands**. In addition, this formulation is scientifically controlled to be extremely powerful, nontoxic, and biodegradable. Furthermore, it contains a **special rust inhibitor** that makes it safe to use on metal surfaces. The powerful ingredients in this product are designed to **mix with water**. Therefore, it is economical and provides a safe, fast-cleaning action. Lastly, it **does not leave an oily film**. Just spray it on, and wipe or hose it off for a clean, bright surface!

BENEFITS - FEATURES

- * Economical
- * Does not leave film
- * Non-corrosive
- * Non-flammable
- * Rust inhibited
- * No offensive odor
- * Non-toxic
- * Foam controlled
- * Free-rinsing
- * Use manually or in automatic scrubber
- * Biodegradable
- * USDA registered

ADVANTAGES

- * Suitable for all industrial, institutional, commercial, & automotive cleaning & degreasing applications
- * Flexibility to different applications
- * Requires little scrubbing
- * Aggressive cleaner

WHERE TO USE

- * Greasy Surfaces
- * Concrete Floors
- * Kitchen Walls
- * Ovens
- * Painted Surfaces
- * Acoustical Tile
- * Boat Exteriors
- * Plastic & Fiberglass
- * Lockers
- * Damp Mopping
- * Metal Surfaces
- * Swimming Pools
- * Printing Plants
- * White Sidewalls
- * Engines & Motors
- * Scrubbing Machines

RECOMMENDED FOR

- * Machine Shops
- * Construction Equipment
- * Manufacturing Plants
- * Park Departments
- * Street Departments
- * Processing Plants
- * Fleet Owners
- * Airports
- * Factories
- * Country Clubs
- * Athletic Clubs
- * Schools
- * Institutions
- * Hospitals
- * Offices
- * Restaurants

DIRECTIONS

EXTRA HEAVY-DUTY - Dilute CONQUER with equal parts of water. Rinse.

HEAVY-DUTY - Dilute 1 part CONQUER with 5 to 8 parts of water. Agitate with a brush if necessary. Rinse.

MEDIUM-DUTY - Dilute 1 part of CONQUER with 10 to 12 parts of water. Rinse.

LIGHT-DUTY - Dilute 1 part of CONQUER with 40 parts of water. Rinse.

May be used in high-pressure washers (hot or cold) or in a steam cleaner. May be diluted up to 50 to 1 in these applications. May also be applied by mop, sprayer, soak, or automatic scrubber.

Authorized by USDA for use in federally inspected meat and poultry plants. For institutional and industrial use only.

KEEP FROM FREEZING

SPECIFICATIONS

Color.....Purple	Density.....8.85	Biodegradable.....Yes
Fragrance.....Sassafras	pH range.....12.5-13.5	USDA authorized.....A-4
Dilution ratio.....Up to 1:50	Viscosity.....Water thin	Shelf Life.....One year
Rinsability.....Very good
