

QUICK-THAW

FROST & ICE REMOVER

DESCRIPTION

This **water-free formula produces a super wet spray** for a **fast, simple, and safe** way to quickly melt ice and frost from windshields and locks. This push button de-icer works on windows, door locks, headlights, latches, icy steps. Making it a **very versatile** product. It will **loosen and melt frost and ice for quick and easy removal**. Therefore, **scraping and chipping are eliminated**, and the **chance of damage to glass is reduced**. Furthermore, once it is applied, it **improves visibility by preventing misting, fogging, and ice build-up**. In addition, there is **no distortion, no gumming**, and it **will not harm vehicle finish**. It can **easily be rinsed clean with water**.

BENEFITS - FEATURES

- * Loosens and melts ice and frost quickly
- * Also effective when used in advance
- * Eliminates scraping and chipping
- * Improves visibility-stops fogging on windows

ADVANTAGES

- * Damage to glass is reduced
- * Prevents formation of ice, frost, and freeze-up

WHERE TO USE

RECOMMENDED FOR

- * Country Clubs
- * Construction Companies
- * Automobile Dealerships
- * Fleet Companies
- * Public Transportation
- * Bus Barns
- * Municipalities
- * Industrial Plants
- * Truck Shops
- * Airlines

DIRECTIONS

SHAKE WELL BEFORE USING!
To melt ice on windshields, car windows, and headlights, hold can upright. Direct spray towards ice and press button. For quicker action on windshields, turn on wipers. To open frozen locks, hold can upright close to lock and direct spray into lock and press button. To prevent frozen windshields and locks, apply Quick-Thaw immediately before freezing weather is

expected. Use once every week in locks during cold weather. For large ice accumulation, score surface of ice before spraying to allow product to penetrate.

NOTE: Sprays best when contents of can are above 60°F.

WARNING: FLAMMABLE
Contains isopropanol. Contents under

pressure. Do not incinerate. Do not store at temperatures exceeding 120°F. Do not puncture container or spray into an open flame. Avoid contact with eyes. In case of eye contact, flush thoroughly with water. If irritation persists, get medical attention.

Requires no authorization by USDA prior to its use in nonprocessing areas.

SPECIFICATIONS

Color.....Clear
Odor.....Alcohol
Spray pattern.....Heavy spray 2"
Specific gravity.....0.81
Shelf life.....1 year min.

Flammability.....Extremely flammable
Boiling point of concentrate.....175°F
Flash point (Method used)....61°F T.C.C.
Propellant.....CO²
Storage.....Store between 20°F-120°F

Evaporation rate (B. Acet.=1).....1.16
Solubility in water.....100%
Net weight.....12 oz.
