## LOW FOAM EXTRACTION CLEANER

### DESCRIPTION

This product is a blend of detergents specifically designed to be used in steam or hot water extraction-type carpet cleaning. It quickly **cuts through soil and grease**. Therefore, it instantly **brightens carpet fibers** and leaves carpet and upholstery looking like new. The high dilutions of this product make it **economical** when used according to directions, and it **does not leave a film**. Furthermore, this mildly alkaline shampoo also **deodorizes**. Lastly, it does not contain any flammable solvents, harsh alkali, or acids.

### BENEFITS - FEATURES

- \* Versatile
- \* Controlled wetting rate
- \* Fast-acting
- \* Contains optical brighteners
- \* Contains built-in defoaming agents
- \* Use on synthetic and natural fibers
- \* Does not over-wet carpet/upholstery
- \* Penetrates grease, oil, dirt, and grime
- \* Brightens fibers instantly
- \* Minimizes the need for defoamer

### ADVANTAGES

- \* Effective in hard or soft water
- \* Penetrates fibers but not the padding
- \* Removes entrapped soils
- \* Leaves carpet/upholstery looking like new
- \* Economical

### WHERE TO USE

- \* Carpets
- \* Runners
- \* Rugs
- \* Mats
- \* Upholstery
- \* Cloth Wall Partitions

### RECOMMENDED FOR

- \* Carpet Cleaning Contractors
- \* Institutions
- \* Restaurants
- \* Shopping Malls
- \* Public Buildings
- \* Government Buildings
- \* Country Clubs
- \* Motels
- \* Hospitals
- \* Nursing Homes
- \* Cafeterias
- \* Show Rooms
- \* Office Buildings
- \* Health Clubs
- \* Hotels
- \* Airports

### DIRECTIONS

Because this product is highly concentrated, only 1/2 ounce per gallon of water is needed to clean most carpeting. If carpet is very soiled, 1 ounce per gallon may be used. Cleaning solution may also be used as a pre spray, sprayed directly onto the carpeting. Always vacuum carpet before cleaning.

Requires no authorization by USDA prior to its use in offices and other similar nonprocessing areas.

### SPECIFICATIONS

Color.....Green	pH.....11.8-12.8	Vapor pressure.....20 mm Hg @ 68°F
Fragrance.....Pleasant	Evaporation rate (water=1).....<1	Shelf life.....2 yr. min
Specific gravity.....1.10	Solubility in water.....100%	Foaming.....Very little
Vapor density (air=1).....>1	% volatile......75+	Stability to freezing.....Excellent
