

STAY

THICK PORCELAIN TILE CLEANER

DESCRIPTION

STAY is a safe, versatile, and economical product designed to be an exceptionally effective rest room cleaner. **Mild phosphoric acid, detergent and wetting agents are united in this product to quickly remove water minerals, scale, rust, soap scum, and filth** from all bathroom surfaces. In addition, **odor-causing bacteria are destroyed** and all surfaces are left smelling clean and sanitary. **STAY will not attack porcelain, chrome or carpeting** like other acid cleaner. Also, this formulation is **inhibited to protect plumbing and it will not harm septic action.**

- * Counter Tops

RECOMMENDED FOR

- * Schools
- * Hospitals
- * Nursing Homes
- * Restaurants
- * Factories
- * Institutions
- * Hotels
- * Motels
- * Churches

DIRECTIONS

To Clean Toilets & Urinals: Remove water by forcing it over the trap with swab mop. Saturate swab with cleaner and wet all surfaces thoroughly. It is most important to swab under the rim of bowl or urinal to clean water outlets. Allow this cleaner to remain for at least 10 minutes until all rust, scale, and stains are loosened. Rinse by flushing.

To Clean Sinks, Bath Tubs, Shower Stalls, Drinking Fountains, & Ceramic Tile Floors: Dilute one part of this cleaner with two parts water and apply to wet all surfaces thoroughly with swab mop, sponge, brush, or cloth. Allow cleaner to remain for at least 10 minutes. Rinse with water after cleaning.

Authorized by the USDA for use in federally inspected meat and poultry plants. **Classification C-1**, for use on all surfaces in inedible product processing areas, nonprocessing areas, and/or exterior areas.

SPECIFICATIONS

Color.....Pink
 Fragrance.....Cherry-almond
 pH.....1.6
 Density.....9.01#/gal

Detergency.....Excellent
 Wetting.....Fast,effective
 Emulsification.....Very good
 Lime soap dispersal.....Excellent

Hard water tolerance.....Excellent
